WHAT TO PLANT AND WHEN

Advice by an Expert on Agriculture

Matters—Rating Poultry and Fruit  
Rotation of Crops—Riding  
Lawn Pests.

By PROF. JOHN WILLARD BOLTE

When suburbanites are asked, "What  
can you do to make your garden more  
productive?" the first answer is usually  
"Plant more." This is true, but it is not  
the only answer. The first few days  
of the season are the best time to  
plant. The weather is just what is  
needed for the plants to get started.

# GIRL SUFFERED TERRIBLY

At Regular Intervals—Says Lydia E. Pinkham's Vegetable Compound completely cured her.

Adrian, Texas.—"I take pleasure in adding my testimonial to the great list and hope that it will be of interest to suffering women. For four years I suffered untold agonies at regular intervals. Such pains and cramps, severe chills and sickness at stomach, then finally hemorrhages until I would be nearly blind. I had five doctors and none of them could do more than relieve me for a time."

"I saw your advertisement in a paper and decided to try Lydia E. Pinkham's Vegetable Compound. I took seven boxes of it and used two bottles of the Sanative Wash, and I am completely cured of my trouble. When I began taking the Compound I only weighed ninety-six pounds and now I weigh one hundred and twenty-six pounds. If anyone wishes to address me in person I will cheerfully answer all letters, as I cannot speak too highly of the Pinkham Remedies."—Miss JESSIE MARRAS, Adrian, Texas.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accumulated and are constantly being received, testifying to the reliability of this grand old medicine.

If you want special advice write to Lydia E. Pinkham Medicine Co. (Dept. 1000) Lowell, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
